MICHAEL CHAN

Director

BAppSc (Built Env) BArch QUT, BOAQ, RAIA

With over 30 years of experience in architecture, Michael brings a wealth of knowledge and expertise across a diverse range of architectural typologies. His portfolio spans small-scale residential homes to large-scale projects including high-density residential buildings, hotels, resorts, commercial spaces, medical and master planning. Michael's holistic approach to design emphasizes a deep understanding of the surrounding environment and the people who will inhabit the spaces. He strives to create designs that not only complement their context but also enhance the lives of those who engage with them, blending functionality with aesthetic appeal. Michael's work is a testament to his commitment to thoughtful, people-centred architecture.

Our approach to architecture is rooted in innovation, responsiveness, and engagement. With over 25+ years of experience across diverse building typologies, we prioritize creating functional, sustainable, and aesthetically compelling spaces. Every design is guided by a deep commitment to thoughtful, high-quality environments that not only serve their intended purpose but also enrich the experiences of those who inhabit them.

URBANA - PRECINCT 3

Coomera, Gold Coast

Urbana is a landmark four-tower, mixed-use development that brings essential density to the rapidly growing Coomera neighbourhood. The traditionally designed podium is thoughtfully integrated into the natural terrain, creating an iconic colonnade of retail and dining experiences. These are complemented by an expansive suite of resident amenities, discreetly tucked away from Foxwell Road. Above the podium, four contemporary towers rise, each varying in height and defined by a clean, minimalist aesthetic. Urbana is set to become both a defining landmark and a source of inspiration for Coomera's future.
